Marlon,

Here is the most up to date list. The only locations that are still obtainable, when they are next open for operation, are Emerson Theater and Cosmo. Those two would make this a complete list. Also, I did a test on all of the listed emails and verified they are valid.

Sargent Munoz,

Order to Comply #3881358 was issued with a compliance inspection date of Nov. 16th. The violations included the metal patio cover and raised slab in the exterior rear area, the unapproved use of approximately 13 foot by 90 foot retail space to the east side of the hookah lounge, and the un-approved construction in the same area. I was told they have pulled a permit for an UN-covered patio, but no inspections.

Hello Gentlemen,

Hope this email finds you well, I'm sending you all the most recent information regarding the 3.18 Investigation our Office is directing at the "Cashmere" nightclub located at 6757 Hollywood Blvd. It is my desire to continue the investigation for another thirty day period as we are coming very close to obtaining a successful revocation of the location CUP and need some additional time to ensure that it happens. I'm pasting my most recent investigative notes so you all can look through the latest actions we have negotiated in this investigation. Please let me know if you have any questions or if a continuance will be an issue, Thanks.

With Respect,  
Officer Thompson  
Serial No. 39467  
Hollywood Vice  
Mobile No. (805) 624-2015

Here is the most recent investigative summary:

Since this Investigation was initiated it has been the joint goal of Hollywood Vice along with the Los Angeles Department of Building and Safety and City Planning to encourage (Through investigative measures and a thorough compilation of evidence), the city Zoning Administrator to revoke the Conditional Use Permit associated with the 6757 Hollywood Blvd "Cashmere" property. It was the opinion of representatives from these agencies that revocation of the establishment CUP would be the most effective way to abate this nuisance location and eliminate the dangerous environment it's operation creates and nurtures. With the assistance of City Council Member - Mitch O'Farrell and his field deputy - Dan Halden, Hollywood Vice and the other collaborating city agencies made major progress in accomplishing this mission as on October 22nd, Los Angeles Zoning Administrator - Jack Chang held a public hearing regarding the "Cashmere" nightclub and heard testimony from city officials and business representatives insistent on the necessity of CUP revocation. At the conclusion of the hearing, Zoning Administrator - Chang informed Investigating Officers that he would decide on the proposed Revocation of Use in thirty days (November 22nd, 2015). Chang advised that Hollywood Vice could add additional weight to the appeal if investigators were able to provided him with additional evidence that the operators were continuing to act in willful disregard of the operational standards imposed on them. He felt that if the proprietors of "Cashmere: continued to violate the provisions of the CUP following the public hearing it would support the assertion that

revocation is the most prudent course of action as it pertains to this problem location. Hollywood Vice is aware that the "Cashmere" operators have been organizing and advertising a large scale nightclub event on Halloween night (Promoted as "The Haunted Castle"). Our Office plans to operate the function in order to gather additional evidence and ensure a revocation of the establishment CUP. In addition, the Officers of Hollywood Vice will continue to monitor business activity at the site and negotiate additional operations if the opportunity arises.

Currently "Cashmere" operations have all but ceased, as Investigating Officers found the location closed on the last two instances they responded to attempt operations of the business. Apparently operators have moved the previously promoted functions (Specifically the "My Castle" promotion) to the associated "Cosmo" nightclub (Located at 6364 Hollywood Blvd and operated by the same Licensee - Alberto Avila). On October 16th, 2015, after finding the "Cashmere" premises closed, Officers responded to the "Cosmo" location and negotiated an Undercover and Uniformed inspection of the site. The inspection resulted in the identification of multiple CUP and ABC violations and resulted in the arrest of 9 minor Suspects for violation - 25665 B&P (Minor in a public premises), one security guard (Kevin Rhey) for Violation - 7544.6 B&P (Acting as Security Guard without a State Guard Card) and the business manager - Conrad Straub (Who is also the manager for the "Cashmere" business) for Violation - 12.29 LAMC (CUP Condition Violation, Conditions No. 10 and No. 22). The occurrence was documented on a Complaint Application filed under DR No. 15-06-22543.

Rog. Thanks for the update.

With Respect,  
Officer Thompson  
Serial No. 39467  
Hollywood Vice  
Mobile No. (805) 624-2015

Here is the most recent investigative summary:

Since this Investigation was initiated it has been the joint goal of Hollywood Vice along with the Los Angeles Department of Building and Safety and City Planning to encourage (Through investigative measures and a thorough compilation of evidence), the city Zoning Administrator to revoke the Conditional Use Permit associated with the 6757 Hollywood Blvd "Cashmere" property. It was the opinion of representatives from these agencies that revocation of the establishment CUP would be the most effective way to abate this nuisance location and eliminate the dangerous environment it's operation creates and nurtures. With the assistance of City Council Member - Mitch O'Farrell and his field deputy - Dan Halden, Hollywood Vice and the other collaborating city agencies made major progress in accomplishing this mission as on October 22nd, Los Angeles Zoning Administrator - Jack Chang held a public hearing regarding the "Cashmere" nightclub and heard testimony from city officials and business representatives insistent on the necessity of CUP revocation. At the conclusion of the hearing, Zoning Administrator - Chang informed Investigating Officers that he would decide on the proposed Revocation of Use in thirty days (November 22nd, 2015). Chang advised that Hollywood Vice could add additional weight to the appeal if investigators were able to provided him with additional evidence that the operators were continuing to act in willful disregard of the operational standards imposed on them. He felt that if the proprietors of "Cashmere: continued to violate the

provisions of the CUP following the public hearing it would support the assertion that revocation is the most prudent course of action as it pertains to this problem location. Hollywood Vice is aware that the "Cashmere" operators have been organizing and advertising a large scale nightclub event on Halloween night (Promoted as "The Haunted Castle"). Our Office plans to operate the function in order to gather additional evidence and ensure a revocation of the establishment CUP. In addition, the Officers of Hollywood Vice will continue to monitor business activity at the site and negotiate additional operations if the opportunity arises.

Currently "Cashmere" operations have all but ceased, as Investigating Officers found the location closed on the last two instances they responded to attempt operations of the business. Apparently operators have moved the previously promoted functions (Specifically the "My Castle" promotion) to the associated "Cosmo" nightclub (Located at 6364 Hollywood Blvd and operated by the same Licensee - Alberto Avila). On October 16th, 2015, after finding the "Cashmere" premises closed, Officers responded to the "Cosmo" location and negotiated an Undercover and Uniformed inspection of the site. The inspection resulted in the identification of multiple CUP and ABC violations and resulted in the arrest of 9 minor Suspects for violation - 25665 B&P (Minor in a public premises), one security guard (Kevin Rhey) for Violation - 7544.6 B&P (Acting as Security Guard without a State Guard Card) and the business manager - Conrad Straub (Who is also the manager for the "Cashmere" business) for Violation - 12.29 LAMC (CUP Condition Violation, Conditions No. 10 and No. 22). The occurrence was documented on a Complaint Application filed under DR No. 15-06-22543.

Sir we are planning an operation based on two 3.18s. We would like EDD and ABC and whomever else you think would be appropriate to assist us. I was asked by Lt. Dibell (Hollywood Vice) to reach out to you for assistance.

Thank you in advance for your help.

Hey Al,

I need the below listed info in order to request EDD. They want to be able able to research the locations prior to doing their inspections. Be advised EDD already has open cases on Cashmere and Cosmo. I also need the date of the operation.

EDD Info:

Name & address of location

ABC License Number

Hours of operation

Number of employees working at the location

Number of security guards

Thanks,

Sgt. Fernando Garcia

Sir thanks again for your time. We opened two 3.18 s yesterday on Cosmo night club and Cashmere night club. Both 3.18 s are ABC related and have the same owner. Our Lt suggested we use us different entities to attack the problem. Tentatively we have September 11th and the 19th set aside to operate the two clubs, but what ever works for who ever is assisting us. The plan is to conduct an upfront with EDD and ABC, in conjunction with the additional investigations that we would be conducting .

Alfonso-

What's the date? And what kind of operation is it? I can make some notifications to get people there. Why don't you give me a call on my cell and we'll work it out.

Detective Garcia:

I appreciate the presentation that you gave my guys in H.E.D. (in roll call) regarding the shooting at Cosmo and Hollywood. As you know, we monitored the location and deployed Black/Whites units in the area to prevent any further violence.

While at scene, officers located a witness (valet attended), who requested that he remain anonymous because of fear of retaliation by the suspect if identified. On the day of the shooting, the witness recalled parking his vehicle and observing a handgun in the driver side floor board area. The witness did not observed the aforementioned suspect shooting; however, he did see him in a group arguing with other unknown suspects prior to the shooting. The witness believes that the same gun in the vehicle was used by the suspect in the shooting.

As a result, we established an OP on the vehicle (identified by the witness) and subsequently conducted an investigative stop to identify suspects. After a consent search, no weapons were found, however, the driver and passenger were identified QNR. No issues. All of the information collected (FI's) was placed on your desk; please let me know if we can help with any thing else. WTD -DUI Motors were deployed in the area, but I'm don't have their recap. Oz.

Attached is the HED recap for this past weekend. Much of the success was attributed to teamwork generated by Sgt. Hoffman, Sgt Newton, Sgt Vasquez and Sgt Gonzales.

Sgt Gonzales, Sgt Newton and I will be working tomorrow to monitor the Cosmo Night Club (Jamaican night) along with WTD DUI Motors. Hollywood Detectives will be providing us with latest suspect information regarding the last week shooting at the Cosmo Club.

Capt,

Please see the below listed synopsis of the shots fired investigation on Hollywood Boulevard/Cosmo Street that we discussed earlier this evening. Please note that the preliminary information was found to be incorrect at the conclusion of the investigation. The below synopsis is the best, most accurate information:

At approximately 0200 hours, HED and Patrol units responded to a radio call of an "ADW Shooting Just Occurred" in the area of Hollywood Boulevard and Cosmo Street. According to a witness at the scene, one male was seen shooting a handgun, either in the air, or in the direction of the "Project LA" nightclub located at 6356 Hollywood Boulevard. The suspect entered a vehicle and fled the scene. A search of the area did not locate any victims from the shooting or any impacts to nearby buildings. Evidence was located and recovered, including a number of .380 caliber casings.

Additionally, a number of 9mm casings were recovered in the area of Hollywood Boulevard and Cosmo Street. The preliminary investigation was unable to determine if the same observed suspect was responsible for firing the 9mm casings, or if a second suspect was responsible for a second shooting in the area. The area has numerous video cameras that may have captured the incidents. However, the businesses were closed and will have to be accessed by detectives during business hours. HED Sergeant Ramos and Detective Klohr were at the scene and handled the investigation.

Any questions, please let me know... Murray

Channel 5 has made it one of their lead stories and are equating the shooting with our Homicide from Monday morning and our OIS from the day after Christmas.

I assure you that all the shootings are not related, but do involve patrons of the Hollywood night scene coming into Hollywood with guns.

In the OIS, a female suspect had an argument with her domestic partner and pulled a gun on her, security of the H&H complex and responding officers. She is in custody and ADW charges have been filed.

In the homicide, two males shot another male. Our off duty Vice officer (Jess Faber) saw the shooting and directed on duty patrol personnel to the fleeing suspects, they too are in custody and charges will be fielded against them. They came from the State of Maine and had a record from Oakland.

The shooting this morning was outside a nightclub and is not related to those two shootings.

Subject: HOLLYWOOD BLVD SHOOTING NOTIFICATION

Capt,

Please see the below listed synopsis of the shots fired investigation on Hollywood Boulevard/Cosmo Street that we discussed earlier this evening. Please note that the preliminary information was found to be incorrect at the conclusion of the investigation. The below synopsis is the best, most accurate information:

At approximately 0200 hours, HED and Patrol units responded to a radio call of an "ADW Shooting Just Occurred" in the area of Hollywood Boulevard and Cosmo Street. According to a witness at the scene, one male was seen shooting a handgun, either in the air, or in the direction of the "Project LA" nightclub located at 6356 Hollywood Boulevard. The suspect entered a vehicle and fled the scene. A search of the area did not locate any victims from the shooting or any impacts to nearby buildings. Evidence was located and recovered, including a number of .380 caliber casings.

Additionally, a number of 9mm casings were recovered in the area of

Hollywood Boulevard and Cosmo Street. The preliminary investigation was unable to determine if the same observed suspect was responsible for firing the 9mm casings, or if a second suspect was responsible for a second shooting in the area. The area has numerous video cameras that may have captured the incidents. However, the businesses were closed and will have to be accessed by detectives during business hours. HED Sergeant Ramos and Detective Klohr were at the scene and handled the investigation.

Any questions, please let me know... Murray

We had a shooting earlier this morning around 0206 hrs. There is no reported victim that is known at this time. The shooting was outside of a club "project LA" in the area of Cosmo and Hollywood. See the watch commander notification below. Detective Klohr was at the scene directing the investigation. The shooting is most likely originating from a dispute inside the club. HED Sgt Ramos has a plan to follow up with security and management to see if the Jamaican theme night will cause problems in the future. HED will provide extra patrol in the meantime. I have included Lt Dibell in this email to place Vice in the loop for this Club.

Channel 5 has made it one of their lead stories and are equating the shooting with our Homicide from Monday morning and our OIS from the day after Christmas.

I assure you that all the shootings are not related, but do involve patrons of the Hollywood night scene coming into Hollywood with guns.

In the OIS, a female suspect had an argument with her domestic partner and pulled a gun on her, security of the H&H complex and responding officers. She is in custody and ADW charges have been filed.

In the homicide, two males shot another male. Our off duty Vice officer (Jess Faber) saw the shooting and directed on duty patrol personnel to the fleeing suspects, they too are in custody and charges will be fielded against them. They came from the State of Maine and had a record from Oakland.

The shooting this morning was outside a nightclub and is not related to those two shootings.

Danny,

Last night, January 7, 2015 at 0206 Hours, H.E.D. handled a shooting investigation that occurred in the area of Hollywood/Cosmo. The officer's preliminary information revealed that suspects were possibly involved in dispute that originated from the Project Los Angeles Night club located at 6356 Hollywood Blvd. The officers recovered 9 mm and 380 casings at scene, but were unable to locate any victims. See Watch Commanders log entry for further details.

I believe the theme of the party was Jamaican night. Please follow up with Club staff and security to determine this will be a potential on going problem for us. In the meantime, we will provide extra patrols in the area during W9, and coordinate our enforcement efforts with Area detectives and patrol. Oz

A reporter called Hollywood station this morning at 0400 hrs and spoke with Sgt Valdez. The reporter made several inquiries about the recent shootings and OIS in HED. Sgt. Valdez did not comment and referred them to Media Relations.

As it pertains to this recent shooting at Hollywood and Cosmo tonight; I will discuss this incident with our people in HED to make that we remain vigilant in RD 646 and RD 647. As previously discussed, we will redirecting some of our HED resources in the aforementioned areas to address these problems.

I will keep track of our strategies and efforts. I will be at tomorrow's meeting with the SLO at Noon, so we can discuss this further. Oz
